# ALUMINUM CART Features & Benefits

Features listed in **BLUE** are exclusive to Waterloo Aluminum Carts

## **BUILT-IN DRAWER DIVIDERS**

This eliminates the need for expensive plastic drawer trays and allows for out-of-the-box customization **(Up to a \$400 SAVINGS!)**

## **NEW DRAWER HANDLE DESIGN**

Larger drawer handle offers easier to grab surface. Aesthetically appealing curved design moves away from the "Tool Cart" image to create a more "Suite Like" patient environment.

## **CENTRALLY LOCATED LEVER LOCK**

Robust "metal on metal" locking on two sides of each drawer. Keeps heavy fluid drawers secure during transport AND offers unequalled protection against theft.

## **CORNER TRACK ACCESSORY MOUNTS**

Provides flexibility in positioning accessories to fit your needs.

## **WIDE WHEEL BASE/STABILIZING FRAME**

More stable work platform that reduces risk of tipping.

## **TRACKING CASTER**

Locks in position to act as a rudder and aid in maneuverability.

## **LOCKING OPTIONS**

Flexible security options, including Key, Breakaway, Keyless, Electronic and Proximity.

## **DUAL SLIDE OUT SHELVES**

Effectively doubles work space on top of your cart! Creates room for charting/documentation on one side and an area to draw up meds and/or prep equipment on the other.

## **CUTAWAY FRONT PLASTIC TOP**

Ergonomically advantageous as it minimizes wrist stress when using the top as a writing surface.

## **NYLON REINFORCED POLYCARBONATE BUMPERS**

Incredibly durable yet extremely lightweight, and **WILL NOT RUST**. Color goes all the way through the material, so cuts and scrapes don't show as easily. One piece construction prevents delamination over time, unlike rubber on steel bumpers.

## **LIGHTWEIGHT ALUMINUM CONSTRUCTION**

Easier to maneuver and especially easier to STOP, minimizing the risk of running into staff and patients.

## **INDIVIDUALLY LOCKING DRAWERS**

Minimizes need to restock/reinventory all drawers, freeing up staff for more important tasks.

## **ERGONOMIC PUSH HANDLES**

Facilitates maneuverability.

## **FIVE YEAR WARRANTY**

## **WE ARE THE MANUFACTURER**

Waterloo IS the manufacturer. Hand-building our carts allows for more flexibility and customized design requirements. We are always poised and ready to create a purpose built cart for you!
